

Temporal Ecology Lab Meetings Fall 2026

Lab meetings will be on Wednesdays at 3 pm PT (location in the table below)

Date	Who/Topic	Location	Snacks?
23 Sept	Paper discussion: Geometric causes of species rarity	FSC 3003	Victor
7 Oct	Paper discussion: Growth rate overrides the benefit of extended growing season	FSC 3003	Mao
9 Oct	Informal talk by Alana & Rubén	BRC 225, 2pm	
21 Oct	Paper discussion: Pines grow faster and are more drought resilient in the Southern Hemisphere	FSC 4101	Lizzie
4 Nov	Maybe (Lizzie is away)		
18 Nov			
2 Dec			

Journals to cover: Post titles and links [here](#).

In my random sample, Science was left out... So maybe one of you should take it, e.g. instead of Ecology Letters?

Lizzie: *Ecology Letters*, *NEE*

Mao: *GCB*, *Journal of Ecology*

Joslyn: *PNAS*, *New Phytologist*

Victor: *NCC*, *Nature*

Some recommended seminars (incomplete list):

[Jasper Fuchs](#) on Tuesday, 22 September at 12 pm ([Forestry RS](#))
